

VertecBio™ Citrus EG

Low Cost d-Limonene Alternative

Features

- **Bio-based solvent blend**
- **Sustainable chemistry – made from renewable resources**
- **Alternative to costly d-Limonene**
- **Manufactured in the United States**

Benefits

- **Significant cost savings versus d-Limonene**
- **Excellent solvency for paint, coating and ink formulations**
- **High cleaning power with mild, pleasant odor**
- **Ideal for cleaning oily materials, adhesives, and inks**
- **Effective for parts cleaning and degreasing**
- **Excellent synergy when blended with other solvents, for formulating ink cleaners, adhesive removers, industrial hand wipes, paint strippers, and graffiti removers**

Environment

- **Not California Proposition 65 listed**
- **No ozone depleting chemicals**
- **No HAP's – no Hazardous Air Pollutants**
- **Not SARA 313 reportable**

Superior Performance Through Sustainable Technologies!
