

VertecBio™ EL FCC Natural

Ethyl Lactate

Features

- FCC Natural grade for flavors & fragrances
- 100% bio-based solvent – reduce Greenhouse Gas Impact
- Sustainable chemistry – made from renewable resources
- 100% biodegradable to Carbon dioxide and water
- FDA approved as a flavor additive

Benefits

- High performance, versatile bio-based solvent for formulating
- Precision bio-based cleaning solvent that leaves no residue
- Low vapor pressure and high loading capacity
- 100% water miscible for dilution at time of use

Environment

- No Global Warming compounds
- Not California Proposition 65 listed
- No HAP's – No Hazardous Air Pollutants
- Not SARA 313 reportable
- Please refer to the SDS for safety, health and environmental data

TECHNICAL DATA

Flash Point	133° F ASTM D93 closed cup
Vapor Pressure.....	1.7 mmHg @ 68° F
pH of Water Dispersion.....	4.0
Specific Gravity.....	1.036
Evaporation Rate.....	0.22
Boiling Point	309° F
CAS Nos.	97-64-3; 687-47-8

Superior Performance Through Sustainable Technologies!
